

Part Number Update

Bulletin No: PNU-026-001-B

Effective Date: 10/01/00

Cancels: PNU-026-000

Page: 1 of 1

Subject: OBSOLESCENCE AND SUPERSESSION FOR FOOT VALVES

Effective 3/1/00 the E-12 will be obsolete and replaced by the E-8P (see chart)

E-12	E-8P
065313	800629
065458	800630
065460	800631
800171	800633
800407	800631
800583	800629

Effective 3/1/00 the E-15 and E-15R will be obsolete and replaced by the E-10 (see chart)

E-15 / E-15R	E-10
065315	800632
800318	800632
800319	800632

***Note 1:** Freightliner applications utilizing part number 800629 MAY require the 112336 plunger. Check valve side of plunger to see if it has been drilled to accommodate the pressure differential spring on top of the E-8P Brake Valve. Service Replacement Part 800633 includes Plunger, Pedal, Mounting Plate, etc., as a complete assembly.

***Note 2:** Volvo applications utilizing part number 800629 require Adapter, part number 5005885; Plunger, part number 5005886; and (3) Bolts, part number 5005887. Service Replacement Part 800630 has these parts pre-assembled onto a valve, specifically for Volvo applications.
