Subject: Bendix® ESD-225™ Air Disc Brake (ADB) Rotor Service Kits

The table below shows the aftermarket Bendix ESD-225™ Air Disc Brake hub/rotor assemblies and their respective rotor service kits.

Note that wheel hubs, which typically have a much longer normal service life than the rotor, are sourced directly from the vehicle OEM, or the hub supplier shown below.

The part numbers below represent a simplification of previous service numbers and allow a smaller inventory to cover more applications.

Hub & Rotor Assembly Part Number	Bendix® Rotor Kit Part Number	OE Hub Manufacturer
Steer Axle Applications		
976035	977699	Webb Wheel
976036		
976037		
976038		
N/A*	803934	Con-Met
Drive Axle Applications		
976045	977699	Webb Wheel
976043		
Trailer Axle Applications		
977606	977699	Webb Wheel
977605		
977604		
977603
