Subject: **ROTOCHAMBERS STANDARD SERVICE REPLACEMENTS**

Attached is a list of standard service replacement Rotochamber piece numbers. Please note that the 229 series have fully threaded push rods. The 229 series piece numbers are "A" items and will be stocked at all branch plants, and should handle most requirements. If a greater push rod length is required other than offered in the 229 series, then the 288 series must be ordered. The 288 series piece numbers are classified "B" items and are stocked at W.P.D.C, Huntington, Indiana.

It is recommended that Attachment "A" be placed in CATALOG SECTION 02.
