## **Bendix® ES™ (Extended Service) Brakes**

The Original Is Still The Best

Bendix® ES Brakes combine advanced brake geometry, innovative shoe construction and state-of-the-art friction formulations for superior performance, longer life and a foundation brake that makes the grade – saving your fleet costly maintenance and downtime. Our brakes – available for steer, drive and trailer wheel positions – help keep you safely on the road and out of the shop, while providing the shortest stopping distance available in drum brake technology.

Bendix Spicer Foundation Brake offers over 32 models of Bendix® foundation drum brakes to fit all heavy- and medium-duty truck, tractor, and trailer vehicle applications both in North America and around the world. The same advanced engineering that brought you today's long lasting, light weight and top performing Bendix® ES™ Brakes, delivers the solutions for reduced stopping distances while maintaining the "Extended Service" you have come to expect. In fact, fleets who operate our brakes have found that, through statistical studies of their brake costs, Bendix® foundation brakes, in many combinations, typically increase the brake life of their vehicles, thus eliminating a significant number of brake relines within their fleets.

A full lineup of ES brake products – the original ES, ES Wide Brakes, ESR, and LMS brake packages – apply safety and savings across all applications and vocations.

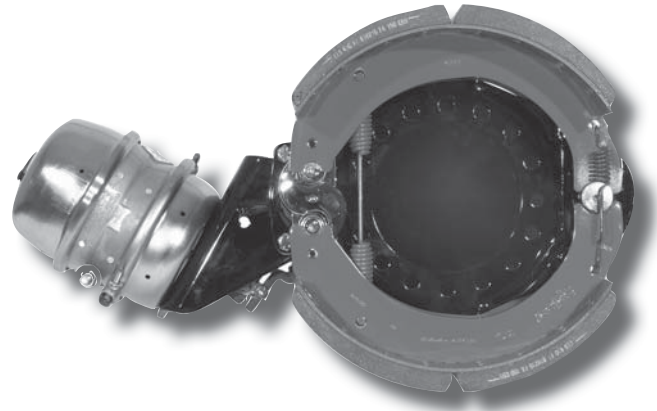

### **The First Is Still The Best**

The only brake company in North America to offer single anchor pin brakes and the patented process "hot-staked" brake shoes.

- First To Offer Quick Change Brakes
- First To Offer A Stamped Lightweight Spider (16.5" x 7")
- First To Offer Extended Service Brakes ("Thick Lining" brakes)

#### **Bendix. The Right Choice Every Time**

For all the details about the full family of Bendix® brand foundation brakes – including the original ES™ brake, the ES™ "Wide Brake", and the LMS® low maintenance brake packages, plus Bendix® Air Disc Brakes – talk to your Bendix or Roadranger® representative or visit our on-line literature center at [www.foundationbrakes.com](http://www.foundationbrakes.com).

## The Bendix Family of Foundation Drum Brakes

Bendix® brand foundation brakes trace their heritage back to the legacy of Eaton brake products. For over 30 years, they have been leading the way in North American and global drum brake innovations, including design, production and assembly.

Feature	The Bendix Advantage At A Glance
Increased Wearable Lining	Long brake life for fewer relines over the life of your vehicle
Fixed, Single Anchor Pin	Superior geometry control for longer brake life
Large Single Anchor Pin	Reduced brake spider stress enables extended brake life and vibration control
"Hot Staked" Brake Shoes	Improved durability and increased brake life
E-Coated Brake Shoes	Eliminates rust jacking issues

### The Answer for All Applications

Bendix brand foundation brakes are the right choice for all vocations, including:

- Highway tractor trailer combinations
- School Bus applications
- Tanker and bulk applications
- High duty cycle applications
- Refuse vehicles
- Logging vehicles

Millions of on-road vehicle miles across a wide range of applications show that Bendix foundation brakes enable a dramatic decrease in brake costs and extended reline intervals.

## Warranty

Bendix® ES™ Extended Service brakes are backed by one of the best warranty programs in the industry, providing real peace of mind that you can depend on.

## Complete Service and Technical Support

And Bendix foundation drum brakes are now part of Bendix Spicer Foundation Brake LLC, your single complete source for brake system design, manufacturing, hardware and support for all foundation brake components and actuation systems.

But your peace of mind doesn't end there. You have access to our Web site, [www.foundationbrakes.com](http://www.foundationbrakes.com), our toll-free 800 number, and the support of a complete multi-tier field sales and service organization including Bendix and Roadranger.

Discover how Bendix® ES™ Extended Service Brakes can save you time and money without sacrificing quality.

For more details on the quality-built, top performing Bendix foundation brake solution that's right for you, talk to your Bendix or Roadranger® representative, or call us at 1-866-610-9709, or visit [www.foundationbrakes.com](http://www.foundationbrakes.com).
