foundationbrakes.com.*

*Please see the registration form
included with the In-Person Training
Schedule (BW2297) for details. Refer
to the unique class code per location
when completing your registration.*

The Bendix In-Person Brake Training School is tailored to new and experienced technicians. We feature a curriculum that includes the fundamentals of compressed air; tactics for air system failure mode diagnosis and troubleshooting; and air brake system and foundation brake components, including air compressors, valves, foundation drum brakes and air disc brakes. Note that Bendix recommends that each student complete the online air brake training on brake-school.com before taking the in-person training.

Conducted by the veteran ASE-certified Bendix team, this all-inclusive course incorporates description, operation, and service elements for the total range of components found within dual air brake systems.

Additional topics covered include Antilock Braking Systems (ABS), the SmarTire® Tire Pressure Monitoring System (TPMS), SmarTire® Trailer-Link™ TPMS for trailers, the AutoVue® Lane Departure Warning (LDW) system, Bendix® ESP® full stability system, Bendix® Wingman® Advanced™ – a Collision Mitigation technology and our flagship Bendix® Wingman® Fusion™ active safety system.

In addition to classroom lectures and practical hands-on exercises, visual aids are incorporated to demonstrate the components and related systems in each training class. Most locations feature operational demonstration boards.

The cost of the Bendix In-Person Brake Training School is \$350 (US) per attendee. All course materials are provided. Lunch is included, however, transportation and lodging are the responsibility of the student. The dress code is casual. Note that due to hands-on activities that take place in a shop environment, shorts and shoes with open toes are not permitted. Payment is made by credit card only and is non-refundable unless canceled 30 days prior to the start of the class in which you've enrolled. If a class is canceled, a full refund will be issued for the class tuition only. Reimbursement for other expenses is not covered.
