			K097845			

For Bendix® air disc brakes, as a vehicle travels forward, the wheel always rotates towards the fixed-pin side of the caliper first.

Type 'A'	Type 'B'
<p>On most vehicles, Type A calipers are used on the passenger side of the vehicle. (There are some rare driver's side applications.)</p>	<p>On most vehicles, Type B calipers are used on the driver side of the vehicle. (There are some rare passenger's side applications.)</p>
