

Bendix® All Makes Air Disc Brake (ADB) Brake Pads and Rotors Replacement Parts

We know you're busy, so we've made servicing your ADB vehicles even easier.

Another plus from Bendix ... your one-stop shop.

Now Offering All Makes Pads & Rotors

The air disc brake (ADB) market is growing and so is our portfolio of replacement parts for the ADB-equipped vehicles in your fleet. Bendix is now your ADB one-stop shop for wearable components available to help you save time and money. And because we know you want choices as well, we've expanded our already broad menu to include even more ... All Makes pads and rotors.

With our latest addition, we're pleased to offer you another great service option for your ADBs. Our extensive new all makes offerings include compatible offerings for these popular ADB systems:

- » Meritor®
- » Haldex®
- » WABCO® (PAN™ 17/19/22)

Whether you need Bendix OE parts or you're running another ADB system, count on us for competitively-priced quality pads and rotors that deliver maximum uptime and help lower your total cost of ownership.

More great service part options from the ADB leader, with more than **3.5 million in North America and 45+ million worldwide.**

Bendix® All Makes Air Disc Brake Pads

Don't gamble on no name aftermarket pads. You can count on Bendix All Makes pads to deliver consistent and reliable performance in a wide range of operating conditions. Available at a competitive price, they provide something that's priceless: peace of mind.

Coverage includes compatible offerings for:

- Meritor®
- Haldex®
- WABCO® (PAN™ 17/19/22)
- » Premium aftermarket friction—proprietary Bendix formulation
- » FMVSS-121 Certified
- » Meets Bendix rotor cracking requirements
- » Includes a full replacement hardware kit
- » Level B Copper Compliant (through 2024)

With our complete air disc brake pad selection—including Bendix OE and aftermarket pads along with new all makes options—it's easy to find the quality pads you need.

Copper Free Brake Initiative Compliance

Bendix All Makes air disc brake pads are composed of Level-B friction materials which do not exceed 5.0% (by weight) copper, making them compliant according to the Copper Free Brake Initiative through 2024.

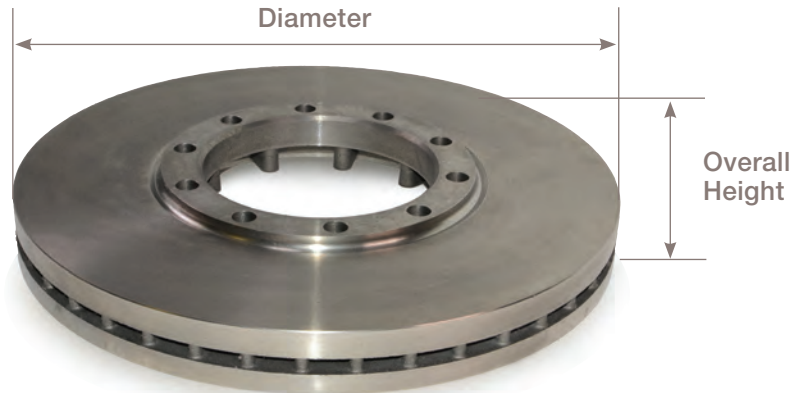

Bendix® All Makes Rotors

Keep your air disc brakes running in top shape with a quality rotor that fits your budget and delivers durable, reliable performance for maximum uptime.

- » Meets Bendix heat crack testing criteria
- » Best coverage in the industry, 1.5x more coverage than Meritor

Coverage includes compatible offerings for:

- Meritor®
- Haldex®
- WABCO®
